

# Drug Coverage

Our prescription plans are easy to use and include around-the-clock answers to your drug coverage questions.

CDPHP is proud to be affiliated with Caremark®, a leading national prescription benefit manager. This partnership enables us to offer you affordable drug coverage and access to a full range of pharmaceutical agents.

With a CDPHP drug benefit, you will be able to fill prescriptions at any Caremark pharmacy, nationwide. It is simple to find a Caremark retail outlet near you by going to Find-A-Doc at [www.cdphp.com](http://www.cdphp.com). Virtually all chain-store pharmacies and most independents participate.

Members also have convenient online and telephone access to information about their pharmacy benefits. You will be able to log onto the secure Caremark Web site at [www.caremark.com](http://www.caremark.com) or contact Caremark by telephone 24 hours a day, seven days a week to find out:

- Whether a particular drug is covered.
- How much you can expect to pay for it.
- If there is a generic alternative.

Rx Corner at [www.cdphp.com](http://www.cdphp.com) also contains answers to many frequently asked questions.

## Save by Using Generic Drugs

One way to reduce your drug expenses is to request a generic drug. Generics are usually priced lower than their brand-name equivalents. Research shows that members can save an average of 30 percent to 80 percent when they fill their prescriptions with a generic instead of a brand-name drug. Generic drugs undergo a strict approval process by the United States

Food and Drug Administration. Speak to your health care practitioner to see if a generic drug may be appropriate for you.

## Mail Service

If you take maintenance drugs, consider signing up for the Prescription Mail Service. You can locate forms and information in Rx Corner at [www.cdphp.com](http://www.cdphp.com). With this convenient service you can obtain up to a 90-day supply of drugs mailed to your home.

Completed order forms should be sent, along with payment and a prescription for up to 90 days of medication, to:

Caremark  
PO Box 2110  
Pittsburgh, PA 15230-2110

Once you are established, refills can be ordered through [www.caremark.com](http://www.caremark.com) or by calling 1-888-292-6330.

**This is a brief description of the features of the CDPHP UBI Plan. Before making a final decision, please read the Plan's Federal brochure RI-73549. All benefits are subject to the definitions, limitations, and exclusions set forth in the Federal brochure.**
